

A Unique, Convenient and Flexible Input Loan That Puts You in Control!

Benefits:

- **Leave your land out of the equation.** We'll use your Global Ag Risk Solutions insurance policy, as well as your growing crop and inventory as collateral. Leverage your insurance to access input funds.
- **Your choice of retailer.** Financing for your purchases of Seed, Fertilizer and Chemical with YOUR choice of retailer. You will be provided with cheques to pay for your purchases, without the hassle of having to sign up for a new loan with every retailer.
- **Allows your operation to expand.** Use your land to buy more land; your equipment stands alone and input financing stands alone.
- **Convenient.** As a Global Ag Risk Solutions customer, you're one step closer to financing your seed, fertilizer and chemical purchases.

How it works:

- **Collateral:** For the 2019 program year, we'll use your 2019 Global Ag Risk Solutions insurance policy and your 2019 growing crop and inventory as collateral.
- **Program Dates:** Borrow between November 2018 and October 2019. Utilize the credit up to October 31, 2019.
- **Process:** Cheques are provided for you to use at the retailer of your choice. Copies of invoices/receipts are required for each purchase.
- **Repayment:** Monthly interest only payments, with full lump sum due April 1, 2020.
